REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: in the independent claim the recitation of a shock absorbing structure of a turning mechanism of an electric cart equipped with twin front wheels comprising a control shaft having a horizontal rod, the rod having a plurality of through holes; an axle formed with a plurality of through holes and connected to front wheels; a plurality of elastic elements disposed between the lower side of the horizontal rod portion and the upper side of the axle; a plurality of connecting plates arranged next to front and rear sides of the horizontal rod portion and the axle; a plurality of ringed plates and a plurality of bolts inserted through the ringed pads in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
